Agenda

Why are we here?

What is our road map?

What is a healthy community?

What are the key health concerns in our county?

What is a Community Health Improvement Plan?

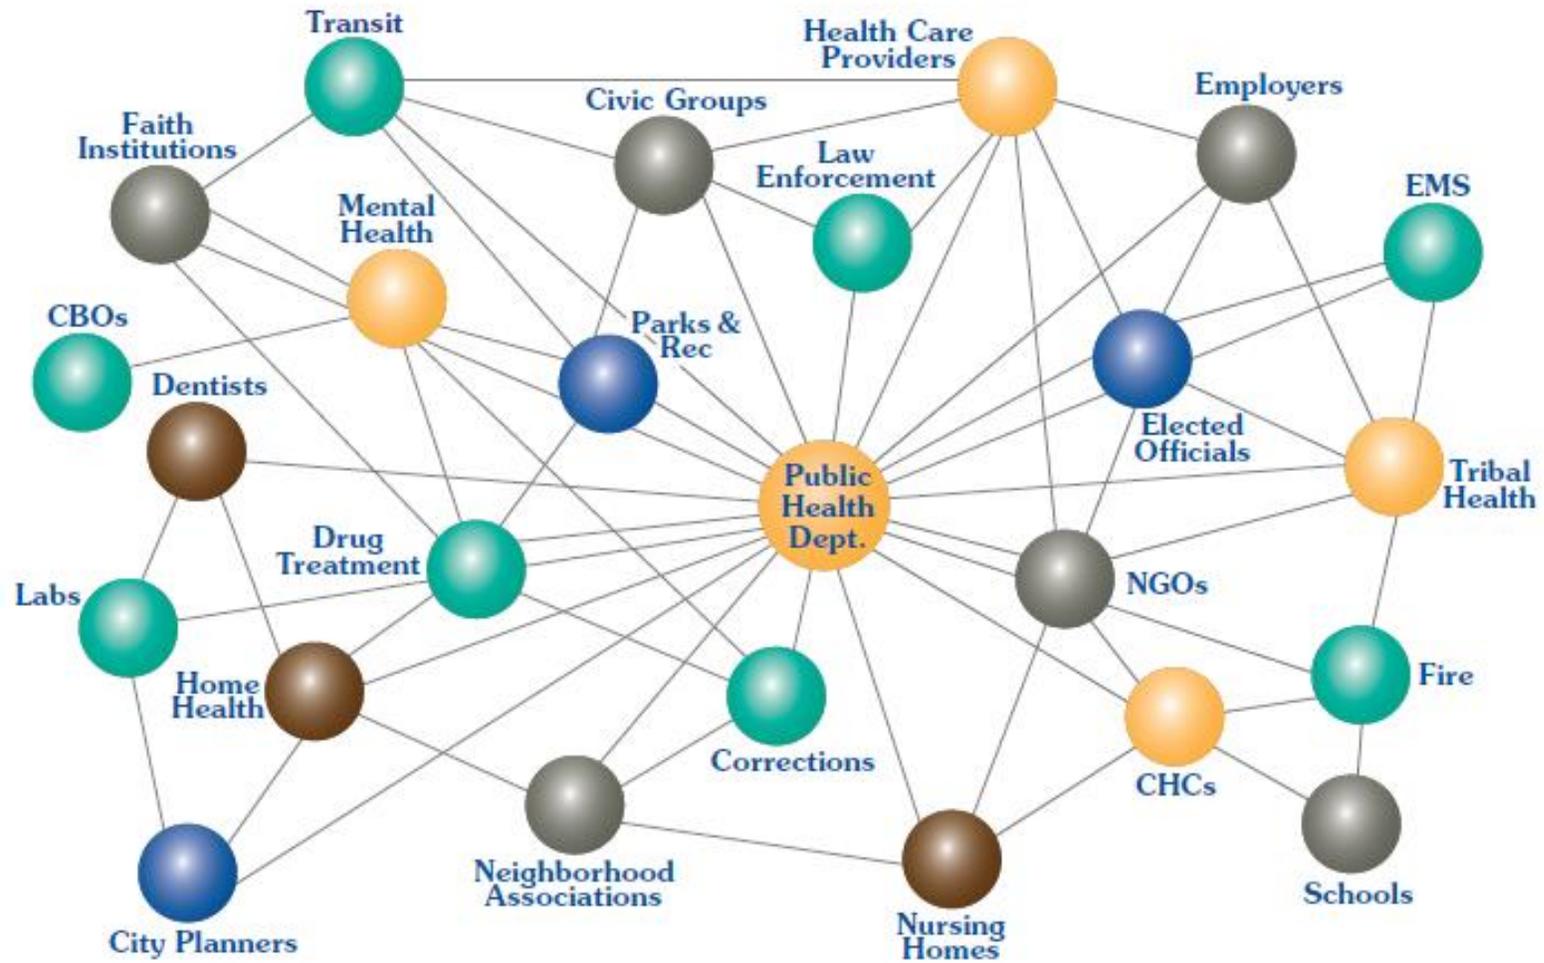

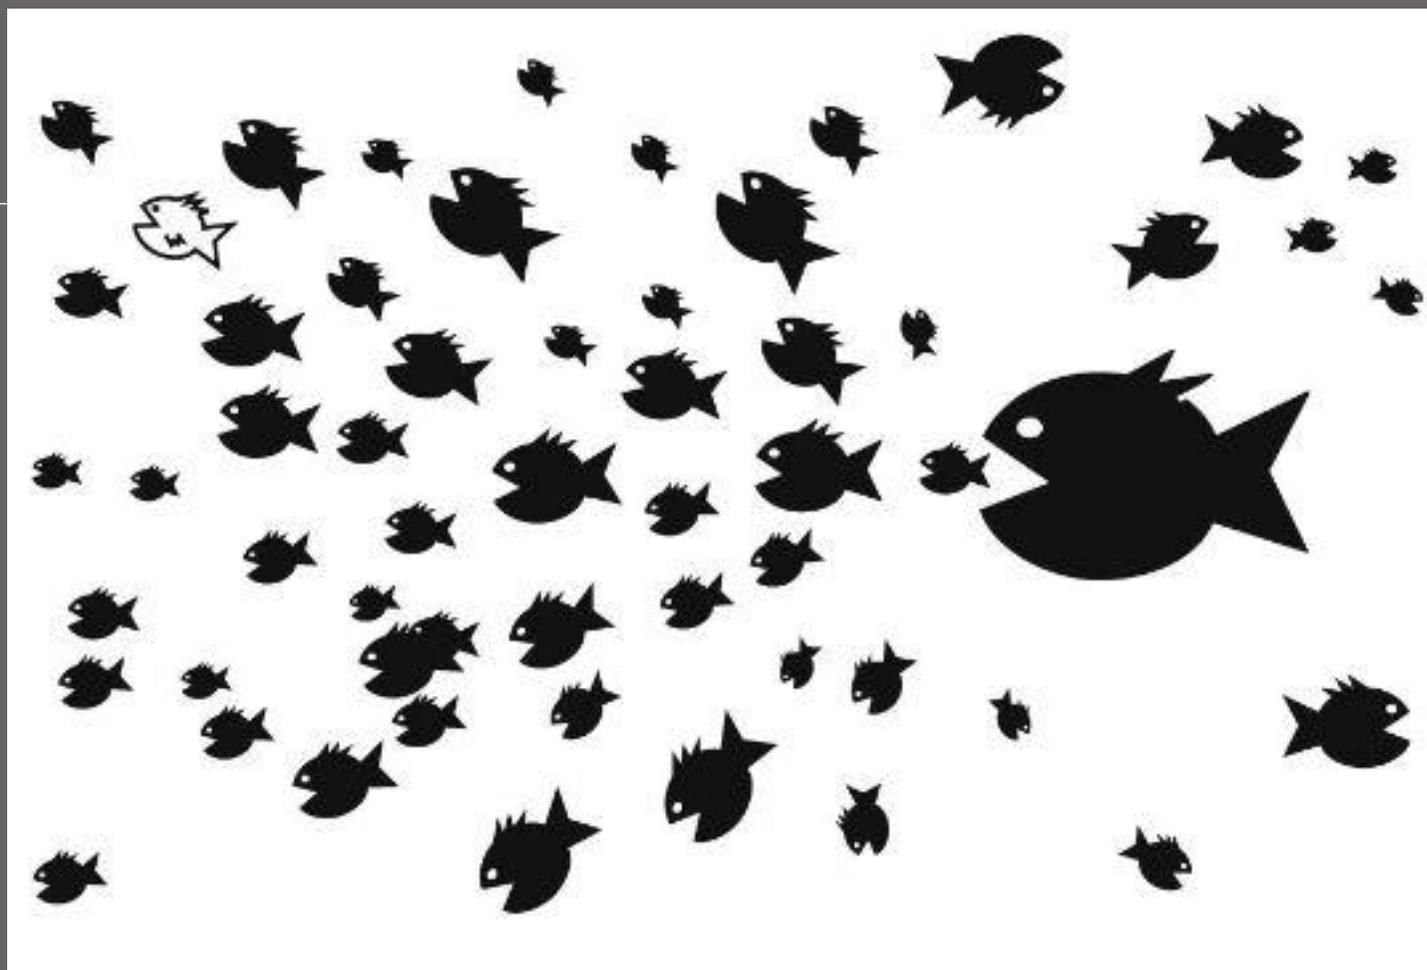

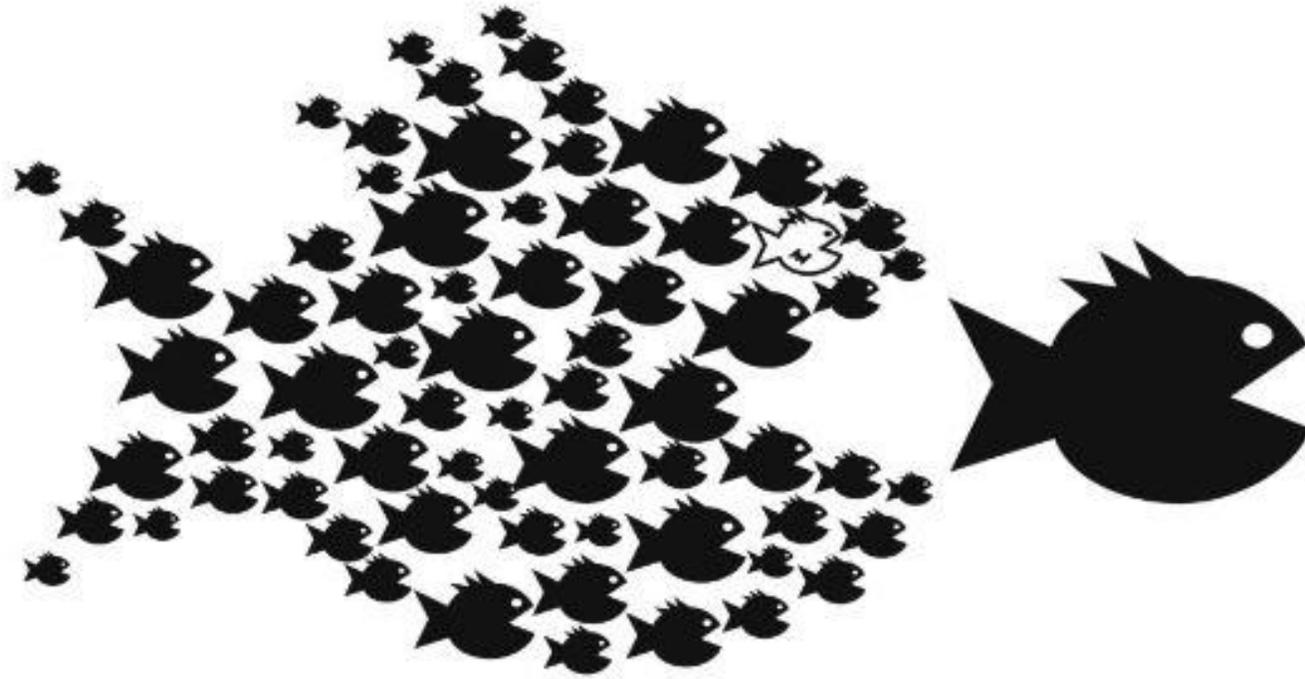

Catalyst for collective action

Local Public Health System

Decision Making Tool

ORGANIZE!

The Right Thing To Do

My commitments to you

I will not waste your time

We will not wordsmith

You will have opportunities for meaningful input

We will be relentlessly committed to create a plan that is useful and operational

Your commitments to this process

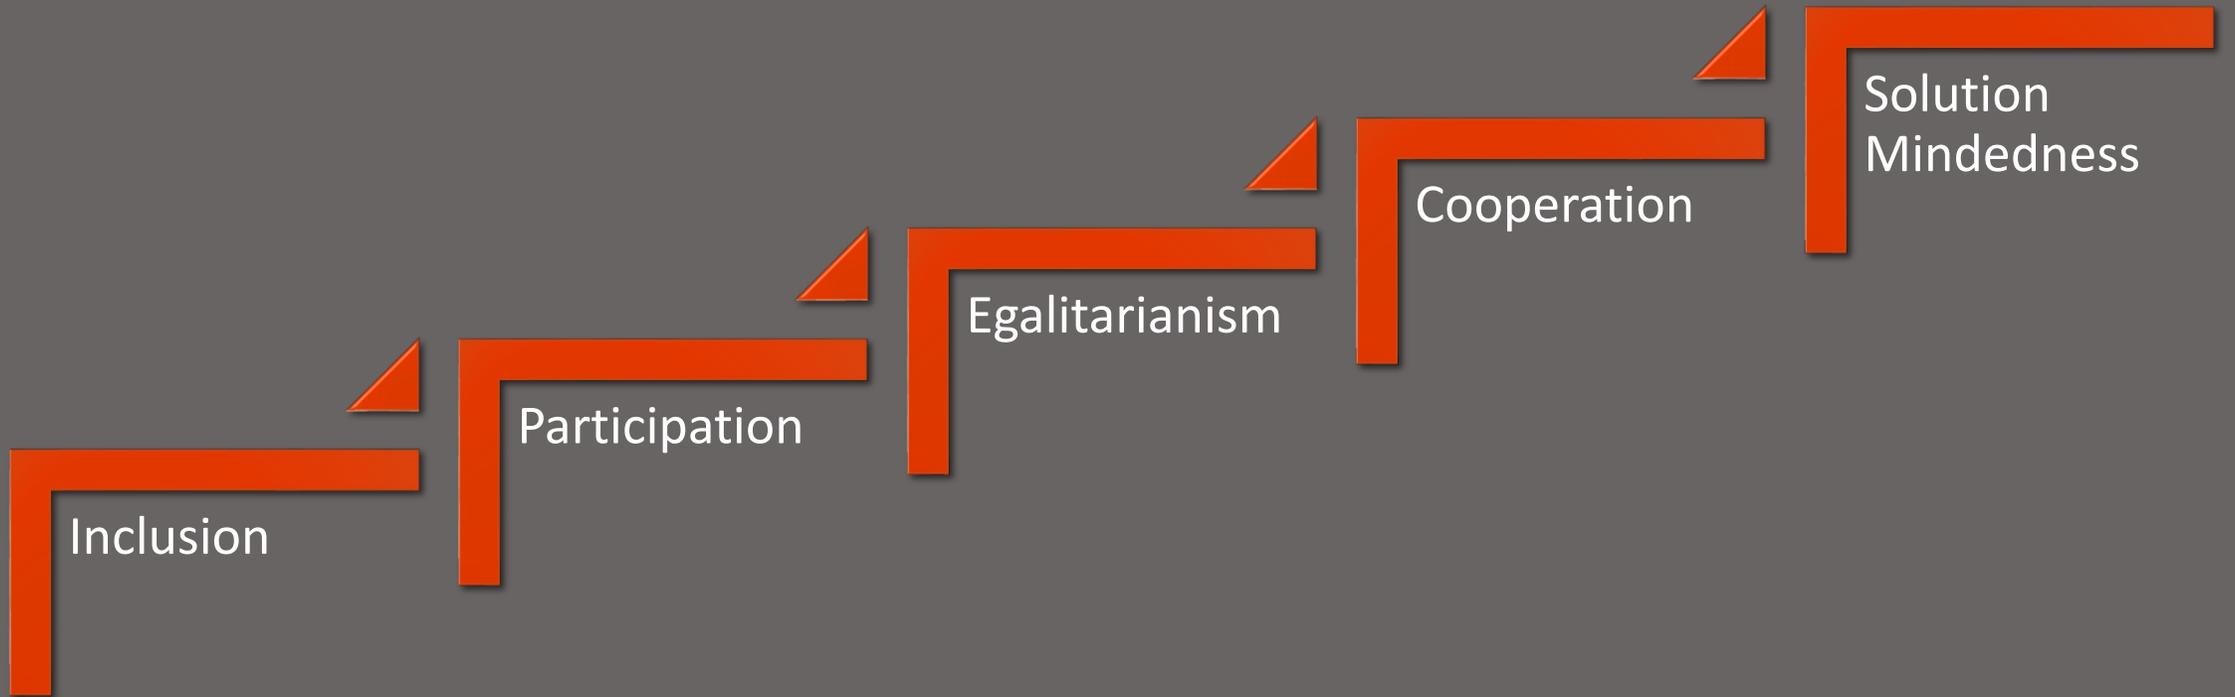

Wear your advocacy/organizational hat and your community member hat

Follow the 80% principle

Stay engaged and participate

Consider the ways you will take ownership of this plan

Participatory Decision Making

The process
