

**7 Generations Early Childhood Intervention
FY 22 Quarter 3 Summary**

Activities	Brief Program Updates
Coordination and collaboration between Lewis and Clark County Criminal Justice Service Department, Lewis and Clark Public Health and Lewis and Clark Detention Center	LCPH home visitor has been able to have more of a presence in LCDC and referrals continue to increase. In March, our Nurse Home Visitor received training to be a community partner volunteer. Referrals for women who are pregnant will automatically be referred to the Nurse Family Partnership as well. This is to ensure that prenatal health support by a nurse is available to women. The Nurse Family Partnership is a program that can follow that mother and baby till the baby is two years old.
Identifying Target Populations	CONNECT referrals continue to increase: Quarter 3 referrals: January: 5 February: 6 March: 2
Establishing and Providing Services	With the decrease in COVID cases, LCPH Home Visitor has been able to establish more of a presence in the Detention Center. Circle of Security classes continue to be by zoom but support groups have been able to be held in person
Comprehensive Data Sets	Created spreadsheets to capture required data sets. See below for Quarter 3 Data Sets.
Long Range Plans and Transferability	LCPH staff attend and participate in the Early Childhood Coalition Leadership Team of the Greater Helena Area. LCPH Home Visiting Program Supervisor chairs and is working to restructure the Home Visiting Task Force. LCPH Home Visiting will continue to provide services via virtual platform as recommended by the CDC and Lewis and Clark Public Health. LCPH worked with an intern from the University of Utah on a plan for long term evaluation. Initial discussions are being held around research and evaluation of the 7Generations Program to ensure effectiveness.
Program Challenges	Long term research and evaluation is a challenge considering the difficulties in tracking the children and families over a period time.
Outcomes	Initial meetings and discussions are being arranged with university researchers with interests in families of those incarcerated. LCPH is actively working to develop long range research and evaluation of the 7 Generations Program.

**7 Generations Early Childhood Intervention
