

**Valley Flood Committee Meeting  
Moose Lodge  
1/25/2018**

**Present: Harold Begger, LES Harris, Jeannene Maas, Raymond Read, Lyle Lallum, Belinda Begger**

**The Committee brought up the issue of the ditches in the valley. They are currently all plugged with snow and debris. After discussion and looking for a volunteer, Harold Begger will go to the County to find out if they plan on cleaning them out**

**There was discussion about the snow pack this year and it appears to be about 10% over average. At this time, all members are concerned about it flooding again this year.**

**The Committee discussed organizing an Advisory Committee of sorts to work with the County and to watch and to be a part in how the RID money is being spent. After discussing this possibility, Jeannene volunteered to go up to the County office and find out if this Advisory Committee could be formed.**

**The next meeting of the Valley Flood Committee will be on 2/21/18.**
