

Gold Country Master Gardener Volunteer Opportunities

Volunteerwork	Times	Description	Contact
Selma Held Garden	Tuesdays 6-7 pm	We have strawberries, raspberries, haskaps, herbs, and some assorted vegetables we are growing for Food Share. Activities include harvesting and weeding. Volunteers are invited to see what is growing (and pull some weeds).	Nina Heinzinger 406-439-4157 nheinz3@yahoo.com
Jubilee Garden	Wednesdays 6-7 pm Sundays 10am-12pm	We have several plots devoted to growing vegetables for Helena Food Share. We also have berries and fruit trees. Come help with the general upkeep and harvest and learn about growing fruits and vegetables.	Nina Heinzinger 406-439-4157 nheinz3@yahoo.com
Our Redeemer's Lutheran Church Garden	By appt	Large, fenced garden, with the southern half of the garden dedicated to growing food for Helena Food Share. The garden received a Growing Together Montana Grant. Karen is happy to meet you in the garden and show you the area dedicated to Food Share, and turn you loose on their ever present weeds (field bindweed, etc.). Help with produce harvesting is also appreciated. If you have any leftover winter squash plants, or other plants to share, they have some extra space for more veggies.	Karen Nelson 406.461.6234 twodogs@mt.net

MSU Extension Garden	By appt or workday	MSU Extension has a large garden at the fairgrounds that is always in need of some extra care. Reach out to get a tour of what's growing or spend an hour or two (or more) weeding and scheming about what else we should plant. Produce goes to Extension and SNAP-ED programming as well as Helena Food Share.	Sofia Franzluebbbers 406-447-8350 sofia.franzluebbbers@montana.edu
