

Private/Non-Public Registration Process 2026-27

Thank you for registering your private or homeschool with your County Superintendent of Schools for the 2026-27 School Year.

To ensure more accurate data collection, reduce the workload on County Superintendents, and ensure that all eligible non-public schools receive federal programs participation notices from the appropriate schools, there is a revamped process for signing up this year.

To register, you will need to scan the QR code below or go to the [Montana OPI Qualtrics Survey](https://montanaopi.sjc1.qualtrics.com/jfe/form/SV_aVtn0vyGtldqWh0) at this link: https://montanaopi.sjc1.qualtrics.com/jfe/form/SV_aVtn0vyGtldqWh0.

Completing this survey completely and accurately will ensure you have fully registered with your County Superintendent and provided all necessary information for this process. You will also note there is additional information in the survey regarding federal programs participation to better help you understand equitable share services for non-public students, families, and educators. This is intended to provide you more information as you consider whether you are interested in having your student(s) participate in the applicable programs.

If you need further information regarding federal programs participation or have questions about the process, you can contact OPI Private School Ombudsman Zach Hawkins at zachariah.hawkins@mt.gov or 406-444-3083.
